

WOMANKIND RELIES ON YOU

Dear

Exploitation, abuse, illiteracy, violence, poverty... many women in the developing world are prevented from leading fulfilling lives through discrimination and injustice.

Yet there is only one organisation in the UK that works exclusively to improve women's lives and increase women's rights across the globe. That organisation is WOMANKIND Worldwide.

Established in the UK in 1989, WOMANKIND Worldwide works directly with local women's groups around the world to make lasting improvements to women's lives.

WOMANKIND Worldwide's work is successful because it doesn't impose or import answers, but helps women to find their own solutions to the problems they face.

Whether it's supporting a network of women's groups in southern India – known as *sanghams* – or funding training courses for women from the Mariskal community in Peru, who are threatened by timber companies. WOMANKIND gives women the inspiration, confidence, practical support and expertise to overcome injustice and make positive changes to their lives.

Of course other charities help women too. But WOMANKIND Worldwide is the **only** organisation which channels all its expertise, energies and financial resources into helping women in the developing world.

We are proud of our achievements. Our work directly assists over 50,000 women all over the world and touches the lives of hundreds of thousands more.

And with your support we could achieve even more. If you share our vision of a world where women overcome inequality and injustice and determine lasting solutions to the problems they face, please consider donating £15.
